

PORT COLLECTION

The **PORT COLLECTION** offers a style of distinctive, refined detail in 5 piece drawer and door construction. It is distinguished by its double bead at the outer edge of the mitered door molding. Choose between a raised hardwood panel or a recessed veneer panel.

We offer several species of wood, from subtle to defined grain patterns. See our finishes page for the full offering of colors and stains for this collection.

Lanz Cabinets builds function, beauty and convenience into every cabinet we produce.

Choose from standard styles or work with our team of designers and craftsmen to create the cabinets that best meet your needs. And all of our cabinets are available with a full selection of specialty storage options, handles, hinges, drawer guides, and accessories.

Lanz is committed to providing top quality in design, materials and construction.
